

Diamond Knives

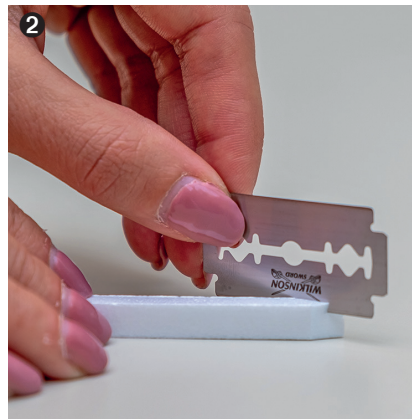

Cleaning procedure for our cryo diamond knives

Dear customer,

This procedure serves for the cleaning of our **cryo immuno** and **cryo 25° knives**.
We are at your disposal for any further assistance you might require.

1 Remove the knife stage from the cryo chamber, leave the knives in the stage, wash under tap water for warming up.

2 Bevel a polystyrene stick with a perfectly clean razor blade.

3 Clean the knife with 15% ethanol, keep wet.

4 Rinse with 100% ethanol.

5 Dry with a dustblower or canned air.
